Warum ein Cabriolet?

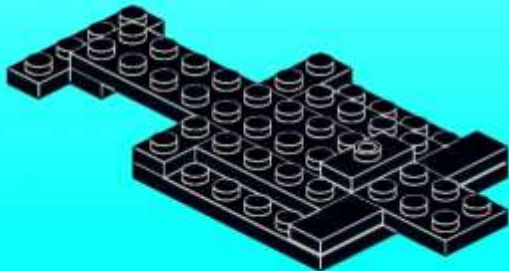

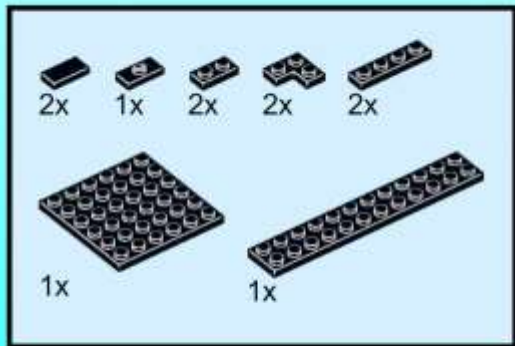

Zur Ausstellung 1000steine Land (TSL) im Jahr 2005 wurde das Cabriolet zum ersten Mal als Event-Set aufgelegt.

Damals war das Burgfenster neu im Programm von LEGO und René Hofmeister bat Reinhard Beneke, genannt Ben, etwas mit dem neuen Fenster zu bauen. So entstand ein weißes Cabriolet mit kreativer Teileverwendung, u.a. den Stühlen als Kotflügel.

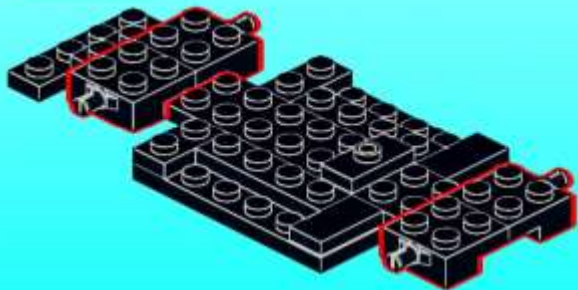

Anlässlich des 25. Jährigen Bestehens von 1000steine.de legen wir das Fahrzeug, unter Berücksichtigung der aktuellen Teileauswahl, neu auf. Und diesmal gehört zum Set auch eine Vignette mit Straße und 1000steine.de Schild.

Viel Spaß beim Bauen wünschen
Rene, Reinhard, Dirk und Marc!
